

GREENENERGY SOLAR SOLUTIONS - COMPANY PROFILE

About Us

GreenEnergy Solar Solutions is a leading solar energy provider in Tamil Nadu, established in 2015. We specialize in residential, commercial, and industrial solar installations. With over 500+ successful installations across the state, we are committed to providing clean, sustainable energy solutions.

Our Mission

To make solar energy accessible and affordable for every home and business in Tamil Nadu.

Our Vision

To become the most trusted solar energy partner in South India by 2028.

BRANCH LOCATIONS

Chennai (Head Office)

📍 No. 45, Anna Salai, Chennai - 600002

☎ 044-2345-6789

🕒 Mon-Sat: 9:00 AM - 7:00 PM

✉ info@greenenergysolar.in

Coimbatore Branch

📍 No. 123, Trichy Road, Coimbatore - 641018

☎ 0422-3456-789

 Mon-Sat: 9:00 AM - 6:00 PM

Madurai Branch

 No. 78, Kamarajar Salai, Madurai - 625020

 0452-4567-890

 Mon-Sat: 9:00 AM - 6:00 PM

Trichy Branch

 No. 56, Bharathidasan Road, Trichy - 620008

 0431-5678-901

 Mon-Sat: 9:00 AM - 6:00 PM

PRODUCTS & SERVICES

1. On-Grid Solar Systems

- **1 kW System** - ₹60,000 - ₹75,000
- **3 kW System** - ₹1,80,000 - ₹2,10,000
- **5 kW System** - ₹2,75,000 - ₹3,25,000
- **10 kW System** - ₹5,00,000 - ₹6,00,000
- **25 kW System** - ₹12,00,000 - ₹15,00,000

2. Off-Grid Solar Systems (with Battery)

- **1 kW System** - ₹1,10,000 - ₹1,30,000
- **3 kW System** - ₹2,80,000 - ₹3,20,000
- **5 kW System** - ₹4,50,000 - ₹5,20,000

- **10 kW System** - ₹8,00,000 - ₹9,50,000

3. Hybrid Solar Systems

- **3 kW System** - ₹3,00,000 - ₹3,50,000
- **5 kW System** - ₹4,80,000 - ₹5,60,000
- **10 kW System** - ₹8,50,000 - ₹10,00,000

4. Solar Batteries

- **Luminous 150Ah** - ₹15,000 - ₹18,000
- **Luminous 200Ah** - ₹22,000 - ₹25,000
- **Exide 150Ah** - ₹14,000 - ₹17,000
- **Exide 200Ah** - ₹20,000 - ₹24,000
- **Lithium-ion 5kWh** - ₹80,000 - ₹1,00,000

5. Solar Inverters

- **Luminous 3kW** - ₹45,000 - ₹55,000
- **Luminous 5kW** - ₹75,000 - ₹90,000
- **Exide 3kW** - ₹40,000 - ₹50,000
- **Exide 5kW** - ₹65,000 - ₹80,000

6. Installation Services

- Residential Solar Installation - ₹15,000 - ₹30,000
- Commercial Solar Installation - ₹30,000 - ₹60,000
- Industrial Solar Installation - ₹50,000 - ₹1,00,000
- Annual Maintenance Contract (AMC) - ₹5,000 - ₹10,000/year

SOLAR CALCULATIONS & TECHNICAL SPECS

Solar System Sizing Formula

- System Size (kW) = Daily Load (kWh) ÷ Average Peak Sun Hours
- Tamil Nadu Peak Sun Hours: 5.5 - 6.5 hours (varies by season)

How to Calculate Your Solar Requirement

1. Check your monthly electricity bill (units consumed)
2. Divide by 30 to get daily consumption
3. Divide by peak sun hours (5.5 hours average)
4. Multiply by 1.2 (buffer for future needs)

Example Calculation

- Monthly Bill: 900 units
- Daily Load: $900 \div 30 = 30$ kWh
- Required System: $30 \div 5.5 = 5.45$ kW
- Recommended: 6 kW System (with 20% buffer)

Battery Sizing Formula

- Battery Capacity (Ah) = (Load Power × Backup Hours) ÷ Battery Voltage
- Depth of Discharge (DoD): 80% for Lithium, 50% for Lead-Acid

Example Battery Calculation

- Load: 2,000W (2kW)
- Backup Hours: 4 hours
- Battery Voltage: 48V
- Capacity = $(2000 \times 4) \div 48 = 166.67$ Ah
- With 20% buffer: 200 Ah recommended

EB Bill Savings

- Current Bill: ₹3,000/month
- Solar Generated Units: 150 units/month
- Tamil Nadu Tariff: ₹6.50/unit
- Savings: $150 \times 6.50 = ₹975/\text{month}$
- New Bill: $₹3,000 - ₹975 = ₹2,025/\text{month}$

FREQUENTLY ASKED QUESTIONS

Q: How long does installation take?

A: Residential installations typically take 2-3 days. Commercial installations take 5-7 days.

Q: What is the warranty?

A: We offer 5 years warranty on installation, 10 years on solar panels, 5 years on inverters, and 3 years on batteries.

Q: Is government subsidy available?

A: Yes, the Government of India offers up to 40% subsidy on residential solar installations up to 3kW, and 20% subsidy on installations above 3kW.

Q: What documents are needed?

A: You'll need:

- Aadhar Card
- PAN Card
- Property Tax Receipt
- Electricity Bill

- Passport Size Photo

Q: How do I maintain my solar system?

A: We recommend yearly maintenance. This includes cleaning panels, checking connections, and testing performance.

SPECIAL OFFERS

Summer Offer 2026

- 15% OFF on all On-Grid Systems
- Free installation on systems above 5kW
- 2-year extended warranty on inverters

Referral Program

- Refer a friend and get ₹5,000 cashback
- Existing customers get 10% OFF on second installation

TESTIMONIALS

"GreenEnergy Solar installed a 5kW system for my home. My electricity bill dropped from ₹4,500 to ₹500. Excellent service!" - Rajesh Kumar, Chennai

"The hybrid system they designed for my factory saved us ₹30,000/month. Highly recommended!" - Priya Srinivasan, Coimbatore

"Professional team, quality products, and great after-sales service." - Suresh Babu, Madurai

PAYMENT OPTIONS

1. UPI (Google Pay, PhonePe, Paytm)
2. Net Banking
3. Credit/Debit Cards
4. EMI Options available (3, 6, 12 months)
5. Cash (for small amounts)

TERMS & CONDITIONS

- Installation starts only after 50% advance payment
- Balance payment due upon completion
- Warranty covers manufacturing defects only
- Misuse or physical damage not covered
- AMC required for warranty validity
